

FESTIVAL OF ORIGINAL MUSIC (FOOM) RULES 2024

GENERAL (APPLIES TO ALL SECTIONS) Aim of SCALA's FOOM Song Competition is to encourage the writing of new material. Original songs can be entered in any style.

1. There is a limit of two songs per songwriter in the Live section only. There is no limit on the number of entries in the Demo Unreleased, Instrumental or Lyrics/Libretto sections but each song must be accompanied by an Entry Form correctly completed with the correct entry fee. Collaborators may also enter individually penned songs in conformity with this rule. The same song may not be entered in more than ONE section.
2. Songs must be original and the entrant must sign the copyright declaration on the entry form. The entrant agrees to indemnify the organisers of the competition from any copyright claims which might arise from infringement of copyright laws.
3. Songs must not be previously recorded for commercial distribution or radio airplay (including independent release), offered for commercial download, published, be subject to recording or publishing agreements or have won prizes in other competitions.
4. Entrants living outside South Australia are STRONGLY advised to consider entering only the Demo Unreleased, Instrumental or Lyrics/Libretto Only Sections.
5. Except in the Lyrics/Libretto Section, songs or music should be no more than 6 minutes long.
6. The songwriter can nominate another person or persons to perform the song in the Live category.
7. All entries to be submitted online via the [FOOM Online Entry Portal Song Central](#) site where recordings and lyrics can be uploaded, and entry payment made online.
NB: [Online SCALA membership payments can be made through the SCALA website](#).
8. Judges are instructed to first judge the quality of the song as it is presented to them. This will include taking into account the overall presentation of the song. Judges reserve the right to not choose a winning song in a section if, in their view, there is insufficient overall quality in that section. The judges' decisions are final and no correspondence will be entered into. The competition organisers reserve the right to interpret these rules as they see fit and these interpretations are final.

PRIZES

Songs are judged by panels typically consisting of a male and a female music practitioner. Judges are asked to complete a feedback sheet for all entrants. Feedback sheets contain a scale (with explanation) plus space for judges to provide constructive comments on each song as they see fit. Some panels provide combined comments. *Whilst we encourage judges to provide feedback they are under no obligation to do so* (but most judges do provide some feedback). Feedback sheets for Recorded, Instrumental and Lyrics sections are emailed to each entrant. Live section entrants will receive their feedback sheets at the end of the heat/final. Entrants are reminded that any such feedback represents only the view of the individual judges and usually is offered as a general guide only.
